What to Use and Avoid On Faces that Perspire

Skin, to be healthy, must breathe It also must perspire-must expe through the pores, its share of the body's waste material. Certain creams and powders clog the pores interfere both with elimination and breathing, especially during the heated period. If more women understood this, there would be fewer self-ruined complexions. If they would use ordipary mercolized way, the Result: The fresher, younger under able the unstances, contrary to the skin is permitted to breathe and to mature of that person. But, after all plexion gradually toops out one feet the observation and appearance of artificiality the size of his world.
